

**CHILL**  
service • shop • seaside

Chill is a small surf & snack shop that provides many useful beach products as well as a beach delivery service for refreshments and munchies. This shop is located right on the coast with beach walk-in access. Its relaxed and accessible atmosphere aims to provide swift & quality service to customers so that they can literally “chill” on the beach. Beach-goers can walk in to shop for beach necessities like tanning lotion, towels, small boards (think paddle boards or penny boards), various swimwear, and much more. They can also order snacks and drinks inside the shop. If people are busy relaxing on the beach and would rather be served, Chill offers delivery service of snacks and drinks as well as certain items like sunscreen, towels, or shades. Ordering for delivery can be simply accessed with a phone call or through our popular “Chill” app available for smart phones and other devices.
