

THE ORIGINAL SELFIE

senior capstone project

The Original Selfie is a museum exhibit at the Oklahoma City Museum of Art. It is a four month long exhibit starting May 8th and runs until September 3rd. The exhibit features many famous self-portraits from around the world. A self-portrait is very revealing of an artist by showing their style as well as how they view themselves. Today we have the selfie which is the everyday form of the self-portrait which is used as another form of advertising for the exhibit.
